Software solutions for the hospitality and travel industry

Online reservation system of choice for Vehicle Hire Companies of all sizes:

Provides car hire companies, travel agents and travel websites with a simple, yet powerful way to sell their vehicles hire online. Built using the latest Internet Technology, RezEasy Autos is flexible, easy to use and integrate into a new or existing web site.

Powerful:

RezEasy is one of the most powerful online vehicle booking systems available. It can handle thousands of hire companies or locations with any number of vehicles. Packed with features RezEasy Autos will transform your website into a fully functional and secure Online Vehicle Booking Engine with reporting and sales analysis functions. There is no programming or complex HTML coding - RezEasy Autos inserts all the code for you.

You can easily recoup the cost of RezEasy Autos within the first month of operation - less in many cases. Selling just a few days vehicle hire is enough to recover your investment. There are no commission and no monthly fees to pay. Buy now and use RezEasy Autos forever.

Efficient:

RezEasy Auto's powerful control panel enables you to add and amend rates and sales criteria at any time thus maximising Internet sales effectiveness. You can offer discounts to travel agents and corporate clients plus special discounts when business is low. RezEasy Autos has real time checking and updating of vehicle availability; cancelled bookings can easily be reversed and the vehicle made available again. Powerful reporting and sales analysis helps you plan your Internet marketing and maximise your investment.

Which Version:

RezEasy Autos is available in two versions, Standard - for a single hire company, and Agency - for multiple hire companies/locations, travel and booking agents etc.

The Facts:

Travel remains the Internet's second largest business and car hire is a major part of travel related business.

All recently published statistics on Internet sales, confirm that travel represents almost 50% of all Internet transactions worldwide.

Hallisoft RezEasy® Autos

Take Control:

Purchase RezEasy Autos today and take control of your business. You can have your own online vehicle hire system working for you 24hrs a day, 7 days a week, 365 days a year!

If you are serious about your business you cannot afford to overlook the huge potential that the Internet and RezEasy Autos offer.

Corporate Clients:

RezEasy enables you to offer corporate clients the ability to book rooms instantly, at their agreed discounts. You simply send them a link directly into your website, with password access to their discounted rates. Corporate clients can view their purchases using RezEasy's reporting function.

Wholesale tour operators and travel agents:

Wholesale tour operators and travel agents can check availability and book instantly at a discount rate that you set for each agent. The process is quick and simple; agents login to RezEasy using a password where they can make bookings or check their own sales figures using RezEasy's reporting function.

What does it cost?

The cost at September, 2009 is:

- Standard version US \$249 (approximately €177 or £155) *
- Agency version US \$599 (approximately €425 or £372) *

* Please note that we reserve the right to change prices, support and upgrade details should the need arise. Exchange rates are correct at the time this brochure was printed.

Features:

- No additional software or scripts needed to get your Internet reservation system up and running.
- Agency version supports up to 9,999 different vehiclehire companies.
- Reservations can be supported by credit card or just sent by email. Booking details are recorded on the server and emailed direct to you with a copy to the hirer, and (if configured) a copy to the hire company.
- Fully customizable "look and feel" for your web pages. Choose from 26 professional designs included with RezEasy or create your own site layout.
- RezEasy inserts all the code required for your online reservation system so there is no need to learn any programming language.
- View reports and sales analysis figures using a web browser or download data into a spreadsheet.
- View hirers due to pick-up between specified dates, hirer contact information and inventory reports.
- Easily add reservation taken from outside RezEasy (by telephone etc.) so availability is always up to date.

Hallisoft RezEasy® Autos

- Allow travel agents or corporate clients to login to your site and receive a discount (you can specify a different discount for each agent/corporate client).
- Create and manage promotional codes.
- Update vehicle availability, rates, seasons and other information over the Internet.

You Can:

- Select from 2 different types of rates:
 - Hire Bands - Enter different rates for up to 5 hire bands (numbers of days) plus a late return charge. Up to 52 seasons can be created that allow different rates during the year.
 - Day/Week/Month - with rates per day, per week and per month, plus a late return charge;
- Have different prices for the current year and the next year;
- Specify up to 99 different vehicle types/groups (there is no limit on the number of vehicles within each type/group);
- Specify lead time for bookings;
- Specify dates when vehicles cannot be booked;
- Specify an overbooking allowance for each vehicle type/group;
- Specify a fixed amount and/or percentage charge that can be added to or deducted from the booking total;
- Define up to 3 different tax rates and specify which rate applies to which item;
- Apply a discount after a predetermined length of stay;
- Include optional extras and/or insurance on the booking form. RezEasy includes the cost of these in the calculated total. Optional extras and insurance can be priced:
 - per vehicle per day
 - per booking
- Quickly create special offer booking forms to offload vehicles at low season;
- Block periods of the year when you don't accept reservations;
- Use any currency for your prices, RezEasy includes full currency formatting;
- Use any language for your site, all text output by RezEasy can be configured;
- Select the date format used by RezEasy to display dates (dd-mm-yyyy or mm-dd-yyyy);
- Select the style for pick-up and drop-off date boxes (popup calendar or drop down list);
- Collect additional data by adding extra fields to the checkout (booking confirmation) form;
- Tell RezEasy to get the name and the age of the driver;
- Tell RezEasy to take a deposit at the time of booking or if pick-up is within a certain period take the full amount (online payments require an account with a payment gateway)
- Easily customize text and messages output by RezEasy or change them to your own language. There is no editing of program files or code required.
- RezEasy creates all the pages for your online reservation system using a set of templates and the data you enter into RezEasy.

Hallisoft RezEasy[®] Autos

- Pre-configured to connect to 29 secure payment systems including our own Transaction Manager. A custom setting allows many more payment systems to be used.
- You can use RezEasy's built in database or use MySQL database if you prefer.
- Fully customizable help, information and error messages, booking list display, email text etc. allows you to create your online reservation system in any language.
